

Two Great Companies. One Priority.

KEEPING YOUR ELEVATORS SAFE HAS NEVER BEEN EASIER

Here is How Our Partnership Benefits You:

- ▲ Elevator inspections can cost you hundreds - if not thousands - of dollars per year. When inspections are witnessed by Liberty Elevator Experts, all costs are covered by CM Regent Insurance Company as part of our Risk Control services.
- ▲ Coverage includes all inspection types:
 - Periodic (twice a year).
 - CAT 3 or CAT 5 (every three to five years).
- ▲ You will be notified of all required tests before they are due, and all scheduling will be done for you.
- ▲ Liberty is well-staffed throughout the Commonwealth of Pennsylvania by highly trained and licensed inspectors.
- ▲ You have peace of mind, knowing all all Liberty inspectors have successfully undergone a PA Department of Education Background Check.
- ▲ You have one point of contact for any questions that may arise. Communication with the State Elevator Division is done on your behalf.
- ▲ If you are ever contacted by the state, please reach out to samantha.denofio@libertyelevatorexperts.com.

**Liberty is the sole
elevator inspection
agency for CM Regent®**

**Liberty is known for a
hassle-free experience.**
